WORK EXPERIENCE

Volunteer   Aug 2024 - Dec 2024
Sakar (Society Of Adoption Knowledge And Resources), Aurangabad

Assisted in organizing awareness campaigns and workshops on child adoption and foster care. Provided administrative support, helping streamline documentation and communication for prospective adoptive parents. Engaged in community outreach programs to connect children with suitable care resources. Contributed to fundraising and resource mobilization efforts to support underprivileged children.

Volunteering • Internship   Mar 2024 - Jul 2024
Sneh Sawali Care Centre, Aurangabad

Taught basic subjects and life skills to children in need, enhancing their learning experience. Assisted in organizing health check-up camps and psychological counseling sessions. Coordinated recreational activities to promote emotional well-being among children. Helped with logistical support for daily operations, ensuring smooth functioning of the center.

PROJECTS

Spotify Clone   **Doctor's Appointment Booking Portal ↗**
Mar 2025 - Apr 2025   Oct 2024

Developed a responsive Spotify Clone web application featuring music playback controls, playlist management, and dynamic UI using HTML, CSS, JavaScript, and optionally integrated Spotify Web API for real-time music streaming. Focused on replicating the core features and design of the original platform to enhance frontend development skills.

Designed and developed a full-stack web portal for booking doctor appointments using PHP, MySQL, HTML, and CSS. Implemented user registration, appointment scheduling, and admin panel for doctor profile management. Integrated backend API for appointment handling and ensured responsive UI for seamless user experience. Prioritized data validation, secure login, and efficient database queries.

CO2 Emission from various Industries ↗
Jan 2025 - Present

1. Performed EDA on CO2 Emissions using Python, Pandas, Matplotlib, Seaborn.
2.Proposed ML model for the same.
3.Considered various parameters like CO2 emission data for further comparative research.
